

## Content

Grzegorz Żurek, Kamil Prokopiuk, Agnieszka Rachwalska - Effect of drought on the performance of three turf grass species .....	3
Katarzyna Niemczyk, Barbara Kmiecik, Jerzy Detyna, Henryk Bujak - The influence of near infrared stimulation on the germination energy and germination capacity of selected parsley varieties .....	23
Setare Abarnak, Leila Zarei, Kianoosh Cheghamirza - Study of the effect of low temperatures and calcium chloride treatment on the germination of Iranian and European barley cultivars .....	37
Mehdi Aghighi Shahverdi, Heshmat Omid - Determination of optimum concentration and time priming of stevia seed with boric acid ( $H_3Bo_3$ ) micronutrient .....	51
Paulina Wilczura, Wojciech Święcicki, Katarzyna A.Kamel, Wiesław Wasiak - Colorimetric vs. chromatographic analyses of alkaloids in lupin seeds .....	63
Hossein Askari, Seiyed Kamal Kazemitabar, Hamid Najafi Zarrini, Mohammd Hossein Saberi - Assessment of tolerance and stability in barley ( <i>Hordeum vulgare</i> L.) genotypes at early seedling growth stage under saline condition .....	69
Bahram Karavani, Reza Tavakkol Afshari, Nasser Majnoon Hosseini, Seyed Amir Moosavi, Hamed Akbari - Evaluation of cardinal temperatures and thermal time requirement for germination of <i>Scrophularia striata</i> and <i>Tanacetum polycephalum</i> (Schultz bip. Ssp. <i>Heterophyllum</i> ) .....	83
